

# Arkansas

## UNIFORM APPLICATION

FY 2019 Behavioral Health Report

COMMUNITY MENTAL HEALTH SERVICES

BLOCK GRANT

OMB - Approved 06/07/2017 - Expires 06/30/2020  
(generated on 04/10/2020 9.02.40 AM)

Center for Mental Health Services

Division of State and Community Systems Development

## A. State Information

### State Information

#### State DUNS Number

Number 119841336

Expiration Date

#### I. State Agency to be the Grantee for the Block Grant

Agency Name Arkansas Department of Human Services  
Organizational Unit Division of Aging, Adult and Behavioral Health Services  
Mailing Address 305 S Palm St  
City Little Rock  
Zip Code 72205

#### II. Contact Person for the Grantee of the Block Grant

First Name Jay  
Last Name Hill  
Agency Name AR Department of Human Services, Division of Aging, Adult and Behavioral Helath Services  
Mailing Address 305 S Palm St  
City Little Rock  
Zip Code 72205  
Telephone 501-686-9981  
Fax 501-686-9182  
Email Address jay.hill@dhs.arkansas.gov

#### III. State Expenditure Period (Most recent State expenditure period that is closed out)

From 7/1/2017  
To 6/30/2018

#### IV. Date Submitted

**NOTE: This field will be automatically populated when the application is submitted.**

Submission Date 11/29/2018 2:53:49 PM  
Revision Date 2/4/2019 2:28:32 PM

#### V. Contact Person Responsible for Report Submission

First Name Rachael  
Last Name Veregge  
Telephone 501-320-6431  
Fax 501-686-9182  
Email Address rachael.veregge@dhs.arkansas.gov

0930-0168 Approved: 06/07/2017 Expires: 06/30/2020

#### Footnotes:

## B. Implementation Report

### MHBG Table 1 Priority Area and Annual Performance Indicators - Progress Report

**Priority #:** 1  
**Priority Area:** Substance Abuse Treatment  
**Priority Type:** SAT  
**Population(s):** PWWDC, PP, PWID

**Goal of the priority area:**

Maintain and expand access to substance abuse services for the indigent and/or court involved population

**Strategies to attain the goal:**

- Contract with community based providers to provide services to the indigent populations. These contracts prioritize individuals who are intravenous drug users, women who are pregnant and/or parenting, military, and adolescents.
- Provide detoxification, outpatient services, partial day treatment, residential services, and Specialized Women Services.
- Substance abuse treatment providers will support faith-based organizations and community partners to develop a collaborative partnership

**Annual Performance Indicators to measure goal success**

**Indicator #:** 1  
**Indicator:** Number of unduplicated individuals served  
**Baseline Measurement:** 11476  
**First-year target/outcome measurement:** A 1.5% increase from baseline.  
**Second-year target/outcome measurement:** A 3% increase from baseline.  
**New Second-year target/outcome measurement(if needed):**

**Data Source:**

Client specific treatment data reported from the state's substance use disorder treatment data system (Alcohol/Drug Management Information System: ADMIS).

**New Data Source(if needed):**

**Description of Data:**

The Baseline Measurement is the number of unduplicated individuals served from July 1, 2015 to June 30, 2016 (SFY 2016). The first-year target will include data from SFY 2017. The second-year target will include SFY 2018.

**New Description of Data(if needed)**

**Data issues/caveats that affect outcome measures:**

The most current data available for establishing a baseline measurement is from SFY 2016. The first and second years data will be SFY 2017 and 2018, respectively.

**New Data issues/caveats that affect outcome measures:**

### Report of Progress Toward Goal Attainment

First Year Target:  Achieved  Not Achieved (if not achieved, explain why)

**Reason why target was not achieved, and changes proposed to meet target:**

**How first year target was achieved (optional):**

**Indicator #:** 2  
**Indicator:** Units of Services Provided  
**Baseline Measurement:** Total Units for Residential Treatment = 1000,170 days; Total Units for Outpatient Treatment = 2901 hours; Total Detoxification Units = 3270 hours  
**First-year target/outcome measurement:** First year target represents a 1.5% increase from baseline.  
**Second-year target/outcome measurement:** Second year target represents a 3% increase from baseline.

**New Second-year target/outcome measurement(if needed):**

**Data Source:**

Client specific treatment data reported from the state's substance use disorder treatment data system (Alcohol/Drug Management Information System: ADMIS).

**New Data Source(if needed):**

**Description of Data:**

The Baseline Measurement is the number of unduplicated individuals served from July 1, 2015 to June 30, 2016 (SFY 2016). The first-year target will include data from SFY 2017. The second-year target will include SFY 2018.

**New Description of Data:(if needed)**

**Data issues/caveats that affect outcome measures:**

The most current data available for establishing a baseline measurement is from SFY 2016. The first and second years data will be SFY 2017 and 2018, respectively.

**New Data issues/caveats that affect outcome measures:**

## Report of Progress Toward Goal Attainment

First Year Target:  Achieved  Not Achieved (if not achieved, explain why)

**Reason why target was not achieved, and changes proposed to meet target:**

During Year 1, Arkansas saw a decrease in the number of residential treatment, outpatient treatment and detoxification days from our baseline measurements. Arkansas began utilizing discretionary grant funding that targeted opioid users, which allowed block grant funding to be used to cover other service gaps. Additionally, outpatient services have not been made available through the Arkansas Medicaid Program.

**How first year target was achieved (optional):**

**Priority #:** 2  
**Priority Area:** Mental Health Treatment  
**Priority Type:** MHS  
**Population(s):** SMI, SED

**Goal of the priority area:**

Maintain or expand access to quality mental health services for the population of adults with serious mental illness and children with serious emotional disturbance.

**Strategies to attain the goal:**

Improve contracts with community based providers to provide mental health treatment to adults with serious mental illness and children with severe emotional disturbance.

**Priority #:** 3  
**Priority Area:** Behavioral Health Medicaid transformation  
**Priority Type:** SAT, MHS  
**Population(s):** SMI, SED, Other (Adolescents w/SA and/or MH, Children/Youth at Risk for BH Disorder)

**Goal of the priority area:**

Promote and improve integrated care approaches, best practices, recovery-oriented services, and delivery and access to services for underserved communities within the Medicaid system.

**Strategies to attain the goal:**

Continue to meet with stakeholders to garner feedback and support.

**Annual Performance Indicators to measure goal success**

**Indicator #:** 1  
**Indicator:** Transition RSPMI Providers to BHA Certification in the OBHS system  
**Baseline Measurement:** 56  
**First-year target/outcome measurement:** 53  
**Second-year target/outcome measurement:** 56

**New Second-year target/outcome measurement(if needed):**

**Data Source:**

Medicaid data warehouse; Provider database

**New Data Source(if needed):**

**Description of Data:**

The Medicaid data warehouse houses all information on Medicaid providers, clients and claims. The provider database houses demographic information on just the providers.

**New Description of Data:(if needed)**

**Data issues/caveats that affect outcome measures:**

The first-year target outcome represents the existing Rehabilitative Services for Persons with Mental Illness (RSPMI) providers who will have from July 1, 2017 to June 30, 2018 to transition to the new Behavioral Health Agency (BHA) certification. The initial count, baseline measurement, of RSPMI providers is 56. The first year target of 53 represent 95% of providers who should transition during the first year. The second year target of 56 represents 100% of RSPMI providers making the transition.

**New Data issues/caveats that affect outcome measures:**

**Report of Progress Toward Goal Attainment**

First Year Target:  Achieved  Not Achieved (if not achieved, explain why)

**Reason why target was not achieved, and changes proposed to meet target:**

**How first year target was achieved (optional):**

**Indicator #:** 2  
**Indicator:** Transition of LMHP providers to ILP providers  
**Baseline Measurement:** 41  
**First-year target/outcome measurement:** 43

**Second-year target/outcome measurement:** 45

**New Second-year target/outcome measurement(if needed):**

**Data Source:**

Medicaid data warehouse; provider database

**New Data Source(if needed):**

**Description of Data:**

The Medicaid data warehouse houses all information on Medicaid providers, clients and claims. The provider database houses demographic information on just the providers.

**New Description of Data:(if needed)**

**Data issues/caveats that affect outcome measures:**

Currently certified Licensed Mental Health Practitioners (LMHPs) will need to apply and be approved as an Independently Licensed Practitioner (ILP) in the new Outpatient Behavioral Health Services (OBHS) system at any point between July 1, 2017 and June 30, 2018. The LMHP program will sundown on June 30, 2018.

The first year target represents 95% of currently certified LMHP providers (41) who will complete the application process with an increase of 5% (2) of new ILP applications being approved for a total of 43.

The second year target, 45 represents an 10% increase of new ILP providers who apply and are approved during the second year, July 1, 2018-June 1, 2019.

**New Data issues/caveats that affect outcome measures:**

## Report of Progress Toward Goal Attainment

First Year Target:  Achieved  Not Achieved (if not achieved, explain why)

**Reason why target was not achieved, and changes proposed to meet target:**

At the end of SFY 2017 there was a total of 41 certified LMHPs. During SFY 2018, 55 individuals were certified as ILPs. Of these 55, 17 had converted from the former LMHP program to the new ILP program. Thus far in SFY 2019, 108 individuals have been certified as an ILP, bringing the total to 163 individuals. Our first year goal of converting 43 individuals to the ILP program was not met. We cannot say for sure why these individuals chose not to convert to the new program.

**How first year target was achieved (optional):**

**Priority #:** 4

**Priority Area:** Children's System of Care

**Priority Type:** MHS

**Population(s):** SED

**Goal of the priority area:**

Build a family and youth involvement and leadership structure that will facilitate the family and youth voice and choice at every level of service planning, development, delivery, and evaluation

**Strategies to attain the goal:**

\* Partner with NAMI AR to develop youth and family capacity and hire Liaisons

\* Partner with UALR/MidSOUTH Center for Prevention and Training/University of Arkansas at Little Rock School of Social Work To provide funding to build capacity in workforce development, continuing education, resource development, and technical assistance to professionals and family members.

**Annual Performance Indicators to measure goal success**

**Indicator #:** 1  
**Indicator:** Number of Support Groups Held (Through NAMI AR)  
**Baseline Measurement:** 4  
**First-year target/outcome measurement:** 6  
**Second-year target/outcome measurement:** 10

**New Second-year target/outcome measurement(if needed):**

**Data Source:**

NAMI AR

**New Data Source(if needed):**

**Description of Data:**

NAMI Support groups are funded by the Children's System of Care grant. DBHS has a sub grant with NAMI Arkansas to provide funds for these groups. Arkansas would like to have one group meet monthly in each of 14 sites.

**New Description of Data:(if needed)**

**Data issues/caveats that affect outcome measures:**

The challenge has been in finding individuals who are consistently able to lead support groups as the leaders must be legacy family members who complete the NAMI support group trainings and be unpaid volunteers.

**New Data issues/caveats that affect outcome measures:**

## Report of Progress Toward Goal Attainment

First Year Target:  Achieved  Not Achieved (if not achieved, explain why)

**Reason why target was not achieved, and changes proposed to meet target:**

**How first year target was achieved (optional):**

**Indicator #:** 2  
**Indicator:** Number of Individuals Trained by UALR/MidSOUTH  
**Baseline Measurement:** 426  
**First-year target/outcome measurement:** 356  
**Second-year target/outcome measurement:** 400

**New Second-year target/outcome measurement(if needed):**

**Data Source:**

UALR/MidSOUTH

**New Data Source(if needed):**

**Description of Data:**

Each year the Children's System of Care grant trainings have been made available to mental health staff and families. During SFY 2016, an exceptionally large number of family members were trained in Team Up for Your Child. Each year different subjects directly related to the grant are chosen and specific groups are targeted for the trainings.

**New Description of Data:(if needed)**

**Data issues/caveats that affect outcome measures:**

During the final years of the grant, less funds are available to be used for training.

**New Data issues/caveats that affect outcome measures:**

### Report of Progress Toward Goal Attainment

First Year Target:  Achieved  Not Achieved *(if not achieved, explain why)*

**Reason why target was not achieved, and changes proposed to meet target:**

The Behavioral Health transformation in Arkansas was many years in the making. Many of the providers have been resistant to the system changes. It is this hesitancy that led to providers being more reluctant to hire and enroll employees into the Family Support Partner and Youth Support Specialist trainings until the transformation was approved by the legislature and implemented. Information has since been disbursed to garner more enthusiasm for the trainings while advising providers of the benefits of having Family Support Partners and Youth Support Specialists. We expect that since the transformation has been approved and is being implemented that the numbers of individuals being trained will increase in the years to come.

**How first year target was achieved (optional):**

**Indicator #:** 3  
**Indicator:** Number of Youth and Family Affiliate Liaisons Hired  
**Baseline Measurement:** 9 Youth and 5 Family Liaisons Hired  
**First-year target/outcome measurement:** 11 youth and 11 family liaisons hired  
**Second-year target/outcome measurement:** 14 youth and 14 family liaisons hired

**New Second-year target/outcome measurement(if needed):**

**Data Source:**

Mid-South Health Systems

**New Data Source(if needed):**

**Description of Data:**

Family and youth liaisons work within their community in the area of social marketing to inform families and youth about System of Care and encourage their participation in System of Care activities.

**New Description of Data:(if needed)**

**Data issues/caveats that affect outcome measures:**

All liaisons must have lived experiences and a desire to help others with similar backgrounds.

**New Data issues/caveats that affect outcome measures:**

### Report of Progress Toward Goal Attainment

First Year Target:  Achieved  Not Achieved *(if not achieved, explain why)*

**Reason why target was not achieved, and changes proposed to meet target:**

**How first year target was achieved (optional):**

**Priority #:** 5  
**Priority Area:** Consumer Affairs  
**Priority Type:** SAT, MHS

**Population(s):** SMI, SED, PWWDC, PP, PWID, Other (Adolescents w/SA and/or MH, LGBTQ, Rural, Criminal/Juvenile Justice, Persons with

**Goal of the priority area:**

To assist and educate identified populations throughout the State of Arkansas in navigating the various social and behavioral health systems to access services

**Strategies to attain the goal:**

The Office of Community Affairs (OCA) will maintain a database regarding issues with access to services in a timely manner or lack of services available in primary counties of service.

OCA will build relationships with community organizations, providers and stakeholder to address consumer identified concerns and assist with obtaining access to services.

**Annual Performance Indicators to measure goal success**

**Indicator #:** 1

**Indicator:** OCA receives calls regarding lack of access to services

**Baseline Measurement:** Average number of calls is 50 per month.

**First-year target/outcome measurement:** OCA will decrease the number of calls regarding a lack of access to services by 3%

**Second-year target/outcome measurement:** OCA will decrease the number of calls regarding a lack of access to services by 5%

**New Second-year target/outcome measurement(if needed):**

**Data Source:**

Monthly call log database

**New Data Source(if needed):**

**Description of Data:**

The Office of Consumer Affairs and the Division of Aging, Adult and Behavioral Health Services staff receive calls; identify need of the caller and provide caller with an outcome.

**New Description of Data:(if needed)**

**Data issues/caveats that affect outcome measures:**

**New Data issues/caveats that affect outcome measures:**

**Report of Progress Toward Goal Attainment**

First Year Target:  Achieved  Not Achieved (if not achieved, explain why)

**Reason why target was not achieved, and changes proposed to meet target:**

**How first year target was achieved (optional):**

**Priority #:** 6

**Priority Area:** Alcohol Use Among Youth, Adults and the Military

**Priority Type:** SAP

**Population(s):** PP, Other (Adolescents w/SA and/or MH, Military Families)

**Goal of the priority area:**

Reduce use of alcohol drinking among persons under 21, adults and the military.

**Strategies to attain the goal:**

- Increase utilization of the Center for Substance Abuse Prevention (CSAP) strategies: information dissemination, education/training community-based, problem identification and referral.
- Coordinate services for veterans, families, and other impacted by combat to determine and fill gaps based on issues, geography, age, and gender.
- Increase leadership and advocacy training for youth.
- Increase training about prevention to physicians and other healthcare providers for a greater understanding of science of addiction and prescription drug issues related to over prescribing.
- Increase drug education and services to college age youth.
- Increase survey participation on college campuses.
- Increase public awareness of substance abuse and misuse.

**Annual Performance Indicators to measure goal success**

**Indicator #:** 1

**Indicator:** Number of students surveyed who reported that they had drank alcohol in the past 30 days.

**Baseline Measurement:** 12%

**First-year target/outcome measurement:** Lower reported 30-day alcohol usage by 2%

**Second-year target/outcome measurement:** Lower reported 30-day alcohol usage by 3%

**New Second-year target/outcome measurement(if needed):**

**Data Source:**

Arkansas Prevention Needs Assessment Survey (APNA), State Epidemiological Outcome Workgroup (SEOW), Completed on-line training certificates, Arkansas Prevention WITS System

**New Data Source(if needed):**

**Description of Data:**

The Arkansas Prevention Needs Assessment (APNA) Survey measures the current student use of alcohol, tobacco, and other drugs (ATOD) for students in grades 6th, 8th, 10th & 12th. APNA Survey is grounded in the risk and protective factor model of substance abuse prevention.

Enhance or expand data being collected by veteran serving organization for ATOD usage such as completed on-line training certificates.

State Epidemiological Outcome Workgroup: This report provides an overview of substance consumption and consequence at both statewide and county levels. The purpose of the profile is to provide state policy-makers with a comprehensive picture of substance abuse challenges faced in Arkansas.

Arkansas Prevention WITS provides full functionality for tracking all prevention activities within the state and its regions or service areas. WITS contain a multi-dimensional Prevention Plan and allow contracted agencies to implement appropriate interventions/activities according to the plan. Implementation data is collected based on the workflow of the users, allowing for rapid but thorough collection of data required by the Block Grant, PFS and other required reporting mechanisms. All data collected can be used for subsequent evaluation, assessment and planning activities.

**New Description of Data:(if needed)**

**Data issues/caveats that affect outcome measures:**

Arkansas uses the WITS reporting system – a web-based application designed to meet the growing need to capture substance abuse, mental health and treatment data. WITS satisfies mandatory government reporting requirements for planning, administration and monitoring of prevention programs. The system captures demographic information, number of individuals served, ethnicity, risk and protective factors along with the CSAP strategies.

**New Data issues/caveats that affect outcome measures:**

## Report of Progress Toward Goal Attainment

First Year Target:  Achieved  Not Achieved (if not achieved, explain why)

**Reason why target was not achieved, and changes proposed to meet target:**

**How first year target was achieved (optional):**

**Indicator #:**

2

**Indicator:**

The population served and reported in the Arkansas Prevention WITS by CSAP Strategies

**Baseline Measurement:**

1,122,046

**First-year target/outcome measurement:**

Increase number of population served by 2%

**Second-year target/outcome measurement:**

Increase number of population served by 3%

**New Second-year target/outcome measurement(if needed):**

**Data Source:**

Arkansas Prevention Needs Assessment Survey (APNA), State Epidemiological Outcome Workgroup (SEOW), Completed on-line training certificates, Arkansas Prevention WITS System

**New Data Source(if needed):**

## Report of Progress Toward Goal Attainment

First Year Target:  Achieved  Not Achieved (if not achieved, explain why)

**Reason why target was not achieved, and changes proposed to meet target:**

**How first year target was achieved (optional):**

**Priority #:** 7  
**Priority Area:** Tobacco Use among the Youth, Adults and the Military  
**Priority Type:** SAP  
**Population(s):** PP, Other (Adolescents w/SA and/or MH, Military Families)

**Goal of the priority area:**

Reduction of cigarette use among the youth, Adults and the Military.

**Strategies to attain the goal:**

- Increase utilization of the Center for Substance Abuse Prevention (CSAP) strategies to promote information dissemination, education/training, alternatives, environmental, community-based, problem identification and referral
- Coordinate services for veterans, families, and other impacted by combat to determine and fill gaps based on issues, geography, age, and gender.
- Expand youth efforts for leadership and advocacy by increasing the knowledge and skills involved in prevention and community mobilization so that youth will become recognized advocates for themselves and their peers.

**Annual Performance Indicators to measure goal success**

**Indicator #:** 1

**Indicator:** Number of students surveyed in APNA 2014 who reported smoking cigarettes in the past 30 days.

**Baseline Measurement:** 6%

**First-year target/outcome measurement:** Lower reported 30-day tobacco usage by 2%

**Second-year target/outcome measurement:** Lower reported 30-day tobacco usage by 3%

**New Second-year target/outcome measurement(if needed):**

**Data Source:**

Prevention WITS directly supports efforts by State agencies, Tribal organizations, Providers and US territories to implement SAMHSA's Strategic Prevention Framework (SPF).

Arkansas Prevention WITS provides full functionality for tracking all prevention activities within the state and its regions or service areas. WITS contain a multi-dimensional Prevention Plan and allow contracted agencies to implement appropriate interventions/activities according to the plan. Implementation data is collected based on the workflow of the users, allowing for rapid but thorough collection of data required by the Block Grant, PFS and other required reporting mechanisms. All data collected can be used for subsequent evaluation, assessment and planning activities.

**New Description of Data:(if needed)**

**Data issues/caveats that affect outcome measures:**

Arkansas uses the WITS reporting system – a web-based application designed to meet the growing need to capture substance abuse, mental health and treatment data. WITS satisfies mandatory government reporting requirements for planning, administration and monitoring of prevention programs. The system captures demographic information, number of individuals served, ethnicity, risk and protective factors along with the CSAP strategies.

**New Data issues/caveats that affect outcome measures:**

## Report of Progress Toward Goal Attainment

First Year Target:  Achieved  Not Achieved (if not achieved, explain why)

**Reason why target was not achieved, and changes proposed to meet target:**

**How first year target was achieved (optional):**

**Priority #:** 8  
**Priority Area:** Lower the Usage Rate for Prescription Drug Usage  
**Priority Type:** SAP  
**Population(s):** PP, Other (Adolescents w/SA and/or MH, Military Families)

**Goal of the priority area:**

Reduce misuse of prescription drugs among Youth, Adults and the Military.

**Strategies to attain the goal:**

- Increase utilization of the Center for Substance Abuse Prevention (CSAP) strategies: information dissemination, education/training community-based, problem identification and referral.
- Coordinate services for veterans, families, and other impacted by combat to determine and fill gaps based on issues, geography, age, and gender.
- Increase leadership and advocacy training for youth.
- Increase training about prevention to physicians and other healthcare providers for a greater understanding of science of addiction and prescription drug issues related to over prescribing.
- Increase drug education and services to college age youth.
- Increase survey participation on college campuses.
- Increase public awareness of substance abuse and misuse.

**Annual Performance Indicators to measure goal success**

**Indicator #:** 1

**Indicator:** Number of students surveyed in APNA 2014 who reported using prescription drugs use in the past 30 days.

**Baseline Measurement:** 3.2%

**First-year target/outcome measurement:** Lower reported 30-day prescription drug usage by 2%

**Second-year target/outcome measurement:** Lower reported 30-day prescription drug usage by 3%

**New Second-year target/outcome measurement(if needed):**

**Data Source:**

Arkansas Prevention Needs Assessment Survey (APNA), State Epidemiological Outcome Workgroup (SEOW), Completed on-line training certificates, Arkansas Prevention WITS System

**New Data Source(if needed):**

**Description of Data:**

The Arkansas Prevention Needs Assessment (APNA) Survey measures the current student use of alcohol, tobacco, and other drugs (ATOD) for students in grades 6th, 8th, 10th & 12th. APNA Survey is grounded in the risk and protective factor model of substance abuse prevention.

Enhance or expand data being collected by veteran serving organization for ATOD usage such as completed on-line training certificates.

State Epidemiological Outcome Workgroup: This report provides an overview of substance consumption and consequence at both statewide and county levels. The purpose of the profile is to provide state policy-makers with a comprehensive picture of substance abuse challenges faced in Arkansas.

Arkansas Prevention WITS provides full functionality for tracking all prevention activities within the state and its regions or service areas. WITS contain a multi-dimensional Prevention Plan and allow contracted agencies to implement appropriate interventions/activities according to the plan. Implementation data is collected based on the workflow of the users, allowing for rapid but thorough collection of data required by the Block Grant, PFS and other required reporting mechanisms. All data collected can be used for subsequent evaluation, assessment and planning activities.

**Data issues/caveats that affect outcome measures:**

Arkansas uses the WITS reporting system – a web-based application designed to meet the growing need to capture substance abuse, mental health and treatment data. WITS satisfies mandatory government reporting requirements for planning, administration and monitoring of prevention programs. The system captures demographic information, number of individuals served, ethnicity, risk and protective factors along with the CSAP strategies.

**New Data issues/caveats that affect outcome measures:**

# Report of Progress Toward Goal Attainment

First Year Target:  Achieved  Not Achieved (*if not achieved, explain why*)

## Reason why target was not achieved, and changes proposed to meet target:

Arkansas showed no change in the number of students who self-reported using prescription drugs in the past 30 days. Arkansas did not achieve its goal in year one due to an organizational change within the Substance Abuse Unit in the Division. In shifting focus for youth populations, Arkansas is utilizing additional discretionary grant funds to focus efforts on prescription drug use and misuse.

## How first year target was achieved (*optional*):

**Indicator #:** 2

**Indicator:** The population served and reported in the Arkansas Prevention WITS System by CSAP Strategies.

**Baseline Measurement:** 1,122,046

**First-year target/outcome measurement:** Increase the population served by 2%

**Second-year target/outcome measurement:** Increase the population served by 3%

## New Second-year target/outcome measurement(*if needed*):

### Data Source:

Arkansas Prevention Needs Assessment Survey (APNA), State Epidemiological Outcome Workgroup (SEOW), Completed on-line training certificates, Arkansas Prevention WITS System

### New Data Source(*if needed*):

### Description of Data:

The Arkansas Prevention Needs Assessment (APNA) Survey measures the current student use of alcohol, tobacco, and other drugs (ATOD) for students in grades 6th, 8th, 10th & 12th. APNA Survey is grounded in the risk and protective factor model of substance abuse prevention.

### MHBG Table 8A and MHBG Table 8B (URS Tables 2A and 2B) - Profile of Persons Served, All Programs by Age, Gender and Race/Ethnicity

This table provides an aggregate profile of persons in the reporting year. The reporting year should be the latest state fiscal year for which data are available. This profile is based on a client receiving services in programs provided or funded by the state mental health agency. The client profile takes into account all institutional and community services for all such programs. Please provide unduplicated counts if possible.

## D. Population and Services Report

### MHBG Table 10A and MHBG Table 10B (URS Tables 5A and 5B) - Profile of Clients by Type of Funding Support

0930-0168 Approved: 06/07/2017 Expires: 06/30/2020

**Table 10A**

This table provides a summary of clients by Medicaid coverage. Since the focus of the reporting is on clients of the public mental health service delivery system, this table focuses on the clientele serviced by public programs that are funded or operated by the State Mental Health Authority. Persons are to be counted in the Medicaid row if they received a service reimbursable through Medicaid.

Please note that the same person may be served in both Medicaid and Non-Medicaid programs during the same reporting period.

Expenditure Period Start Date: 7/1/2017 Expenditure Period End Date: 6/30/2018

	Total			American Indian or Alaska Native			Asian			Black or African American			Native Hawaiian or Other Pacific Islander			White			Hispanic * use only if data for MHBG Table 10B are not available			More Than One Race Reported			Race Not Available

Data Based on Medicaid Services

Data Based on Medical Eligibility, not Medicaid Paid Services

'People Served By Both' includes people with any Medicaid

Comments on Data (for Race):

See General Notes

Comments on Data (for Gender):

Comments on Data (Overall):

Each row should have a unique (unduplicated) count of clients: (1) Medicaid Only, (2) Non-Medicaid Only, (3) Both Medicaid and Other Sources funded their treatment, and (4) Medicaid Status Not Available.

If a state is unable to unduplicate between people whose care is paid for by Medicaid only or Medicaid and other funds, then all data should be reported into the 'People Served by Both Medicaid and Non-Medicaid Sources' and the 'People Served by Both includes people with any Medicaid' check box should be checked.

**Table 10B**

Of the total persons covered by Medicaid, please indicate the gender and number of persons who are Hispanic/Latino or not Hispanic/Latino. Total persons covered by Medicaid would be the total indicated in Table 10A.

Please note that the same person may be served in both Medicaid and Non-Medicaid programs during the same reporting period.

## D. Population and Services Report

### MHBG Table 12 (URS Table 12) - State Mental Health Agency Profile

Expenditure Period Start Date: 7/1/2017 Expenditure Period End Date: 6/30/2018

#### Populations Served

1. Which of the following populations receive services operated or funded by the state mental health agency? Please indicate if they are included in the data provided in the tables. (Check all that apply.)

	Populations Covered:		Included in Data	
	State Hospitals	Community Programs	State Hospitals	Community Programs
1. Aged 0 to 3	<input type="checkbox"/> Yes	<input checked="" type="checkbox"/> Yes	<input type="checkbox"/> Yes	<input checked="" type="checkbox"/> Yes
2. Aged 4 to 17	<input checked="" type="checkbox"/> Yes	<input checked="" type="checkbox"/> Yes	<input checked="" type="checkbox"/> Yes	<input checked="" type="checkbox"/> Yes
3. Adults Aged 18 and over	<input checked="" type="checkbox"/> Yes	<input checked="" type="checkbox"/> Yes	<input checked="" type="checkbox"/> Yes	<input checked="" type="checkbox"/> Yes
4. Forensics	<input checked="" type="checkbox"/> Yes	<input checked="" type="checkbox"/> Yes	<input checked="" type="checkbox"/> Yes	<input checked="" type="checkbox"/> Yes
Comments on Data:				

2. Do all of the adults and children served through the state mental health agency meet the Federal definitions of serious mental illness and serious emotional disturbances?

- Serious Mental Illness  
 Serious Emotional Disturbances

2.a. If no, please indicate the percentage of persons served for the reporting period who met the federal definitions of serious mental illness and serious emotional disturbance?

2.a.1. Percent of adults meeting Federal definition of SMI:

62.2 %

2.a.2. Percentage of children/adolescents meeting Federal definition of SED:

63.9 %

3. Co-Occurring Mental Health and Substance Abuse:

3.a. What percentage of persons served by the SMHA for the reporting period have a dual diagnosis of mental illness and substance abuse?

3.a.1. Percentage of adults served by the SMHA who also have a diagnosis of substance abuse problem:

14.1 %

3.a.2. Percentage of children/adolescents served by the SMHA who also have a diagnosis of substance abuse problem:

2.1 %

3.b. What percentage of persons served for the reporting period who met the Federal definitions of adults with SMI and children/adolescents with SED have a dual diagnosis of mental illness and substance abuse?

3.b.1. Percentage of adults meeting Federal definition of SMI who also have a diagnosis of substance abuse problem:

14.5 %

3.b.2. Percentage of children/adolescents meeting the Federal definition of SED who also have a diagnosis of substance abuse problem:

2.4 %

3.b.3. Please describe how you calculate and count the number of persons with co-occurring disorders.

4. State Mental Health Agency Responsibilities

a. Medicaid: Does the State Mental Health Agency have any of the following responsibilities for mental health services provided through Medicaid? (Check All that Apply)

1. State Medicaid Operating Agency   
 2. Setting Standards

- 3. Quality Improvement/Program Compliance
- 4. Resolving Consumer Complaints
- 5. Licensing
- 6. Sanctions
- 7. Other

**b. Managed Care (Mental Health Managed Care)**

**Are Data for these programs reported on URS Tables?**

- 4.b.1 Does the State have a Medicaid Managed Care initiative?  Yes  Yes
- 4.b.2 Does the State Mental Health Agency have any responsibilities for mental health services provided through Medicaid Managed Care?  Yes
- If yes, please check the responsibilities the SMHA has:
- 4.b.3 Direct contractual responsibility and oversight of the MCOs or BHOs  Yes
- 4.b.4 Setting Standards for mental health services  Yes
- 4.b.5 Coordination with state health and Medicaid agencies  Yes
- 4.b.6 Resolving mental health consumer complaints  Yes
- 4.b.7 Input in contract development  Yes
- 4.b.8 Performance monitoring  Yes
- 4.b.9 Other

**5. Data Reporting: Please describe the extent to which your information systems allows the generation of unduplicated client counts between different parts of your mental health system. Please respond in particular for Table 2, which requires unduplicated counts of clients served across your entire mental health system.**

***Are the data reporting in the tables?***

- 5.a. **Unduplicated:** counted once even if they were served in both State hospitals and community programs and if they were served in community mental health agencies responsible for different geographic or programmatic areas.
- 5.b. **Duplicated:** across state hospital and community programs
- 5.c. **Duplicated:** within community programs
- 5.d. **Duplicated:** Between Child and Adult Agencies
- 5.e. **Plans for Unduplication:** If you are not currently able to provide unduplicated client counts across all parts of your mental health system, please describe your plans to get unduplicated client counts by the end of your Data Infrastructure Grant.

**6. Summary Administrative Data**

6.a. Report Year:	2017
6.b. State Identifier:	AR

*Summary Information on Data Submitted by SMHA:*

- 6.c. Year being reported: 7/1/2017 12:00:00 AM to 6/30/2018 12:00:00 AM
- 6.d. Person Responsible for Submission: Eric Tedford
- 6.e. Contact Phone Number: 501-686-9037
- 6.f. Contact Address: 305 S. Palm Little Rock, AR 72205
- 6.g. E-mail: eric.tedford@dhs.arkansas.gov

0930-0168 Approved: 06/07/2017 Expires: 06/30/2020

## D. Population and Services Report

### MHBG Tables 13A and 13B (URS Tables 14A and 14B) - Profile of Persons with SMI/SED Served By Age, Gender and Race/Ethnicity

**Table 13A**

This table requests counts for persons with SMI or SED using the definitions provided by the CMHS. URS Table's 2A and 2B included all clients served by publicly operated or funded programs. This table counts only clients who meet the CMHS definition of SMI or SED. For many states, this table may be the same as URS Table's 2A and 2B. For 2007, states should report using the Federal Definitions of SMI and SED if they can report them, if not, please report using your state's definitions of SMI and SED and provide information below describing your state's definition.

## E. Performance Indicators and Accomplishments

**MHBG Table 15A (URS Table 4) - Profile of Adult Clients by Employment Status**

This table describes the status of adult clients served in the reporting year by the public mental health system, in terms of employment status. The focus is on employment for the working age population, recognizing, however, there are clients who are disabled, retired, or who are homemakers, care-givers, etc., and not a part of the workforce. These persons should be reported in the "Not in Labor Force" category. Unemployed refers to persons who are looking for work but have not found employment. Data should be reported for clients in non-institutional settings at time of discharge or last evaluation.

### MHBG Table 17A (URS Table 11) - Summary Profile of Client Evaluation of Care

Expenditure Period Start Date: 7/1/2017 Expenditure Period End Date: 6/30/2018

Adult Consumer Survey Results:	Number of Positive Responses	Responses	Confidence Interval*
1. Reporting Positively about Access.	322	413	4
2. Reporting Positively about Quality and Appropriateness for Adults.	315	394	4
3. Reporting Positively about Outcomes.	209	380	5
4. Adults Reporting on Participation In Treatment Planning.	240	386	5
5. Adults Positively about General Satisfaction with Services.	331	414	4

Child/Adolescent Consumer Survey Results:	Number of Positive Responses	Responses	Confidence Interval*
1. Reporting Positively about Access.	316	366	4
2. Reporting Positively about General Satisfaction for Children.	296	367	4
3. Reporting Positively about Outcomes for Children.	255	364	5
4. Family Members Reporting on Participation In Treatment Planning for their Children.	322	365	3
5. Family Members Reporting High Cultural Sensitivity of Staff.	337	364	3

*Please enter the number of persons responding positively to the questions and the number of total responses within each group. Percent positive will be calculated from these data.*

*\* Please report Confidence Intervals at the 95% level. See directions below regarding the calculation of confidence intervals.*

Comments on Data:

#### Adult Consumer Surveys

1. Was the Official 28 Item MHSIP Adult Outpatient Consumer Survey Used?  Yes  No

1.a. If no, which version:

- 1. Original 40 Item Version  Yes
- 2. 21-Item Version  Yes
- 3. State Variation of MHSIP  Yes
- 4. Other Consumer Survey  Yes

1.b. If other, please attach instrument used.

- 1.c. Did you use any translations of the MHSIP into another language?  1. Spanish  
 2. Other Language:

**Adult Survey Approach**

2. Populations covered in survey? (Note all surveys should cover all regions of state)  1. All Consumers In State  2. Sample of MH Consumers

- 2.a. If a sample was used, what sample methodology was used?  1. Random Sample  
 2. Stratified / Random Stratified Sample  
 3. Convenience Sample  
 4. Other Sample:

- 2.b. Do you survey only people currently in services, or do you also survey persons no longer in service?  1. Persons Currently Receiving Services  
 2. Persons No Longer Receiving Services

3. Please describe the populations included in your sample: (e.g., all adults, only adults with SMI, etc.)  1. All Adult Consumers In State  
 2. Adults With Serious Mental Illness  
 3. Adults Who Were Medicaid Eligible Or In Medicaid Managed Care  
 4. Other (for example, if you survey anyone served in the last 3 months, describe that here):

4. Methodology of collecting data? (Check all that apply)

	Self-Administered	Interview
Phone	<input type="checkbox"/> Yes	<input type="checkbox"/> Yes
Mail	<input checked="" type="checkbox"/> Yes	
Face-to-face	<input type="checkbox"/> Yes	<input type="checkbox"/> Yes
Web-Based	<input type="checkbox"/> Yes	<input type="checkbox"/> Yes

- 4.b. Who administered the survey? (Check all that apply)  1. MH Consumers  
 2. Family Members  
 3. Professional Interviewers  
 4. MH Clinicians  
 5. Non Direct Treatment Staff  
 6. Other, describe:  
Vendor

5. Are Responses Anonymous, Confidential and/or Linked to other Patient Databases?  1. Responses are Anonymous

- 2. Responses are Confidential
- 3. Responses are Matched to Client Databases

6. Sample Size and Response Rate

- 6.a. How Many surveys were Attempted (sent out or calls initiated)? 1,856
- 6.b. How many survey Contacts were made? (surveys to valid phone numbers or addresses)? 1,605
- 6.c. How many surveys were completed? (survey forms returned or calls completed) 421
- 6.d. What was your response rate? (number of Completed surveys divided by number of Contacts) 26.0 %
- 6.e. If you receive "blank" surveys back from consumers (surveys with no responses on them), did you count these surveys as "completed" for the calculation of response rates?  Yes  No

7. Who Conducted the survey

- 7.a. SMHA Conducted or contracted for the survey (survey done at state level)  Yes  No
- 7.b. Local Mental Health Providers/County mental health providers conducted or contracted for the survey (survey was done at the local or regional level)  Yes  No
- 7.c. Other, describe:

\* Report Confidence Intervals at the 95% confidence level

*Note: The confidence interval is the plus-or-minus figure usually reported in newspaper or television opinion poll results. For example, if you use a confidence interval of 4 and 47% percent of your sample picks an answer you can be "sure" that if you had asked the question of the entire relevant population between 43% (47-4) and 51% (47+4) would have picked that answer. The confidence level tells you how sure you can be. It is expressed as a percentage and represents how often the true percentage of the population who would pick an answer lies within the confidence interval. The 95% confidence level means you can be 95% certain; the 99% confidence level means you can be 99% certain. Most researchers use the 95% confidence level. When you put the confidence level and the confidence interval together, you can say that you are 95% sure that the true percentage of the population is between 43% and 51%. (From www.surveysystem.com)*

**Child / Family Consumer Surveys**

- 1. Was the MHSIP Children / Family Survey (YSS-F)  Yes Used?  No  
If no, what survey did you use?

*If no, please attach instrument used.*

- 1.c. Did you use any translations of the Child MHSIP into another language?  1. Spanish  2. Other Language:

**Child Survey Approach**

- 2. Populations covered in survey? (Note all surveys should cover all regions of state)  1. All Consumers In State  2. Sample of MH Consumers
  - 2.a. If a sample was used, what sample methodology was used?  1. Random Sample  2. Stratified / Random Stratified Sample  3. Convenience Sample  4. Other Sample:
  - 2.b. Do you survey only people currently in services, or do you also survey persons no longer in service?  1. Persons Currently Receiving Services  2. Persons No Longer Receiving Services

2a. If yes to 2, please describe how your survey persons no longer receiving services.

- 3. Please describe the populations included in your sample: (e.g., all children, only children with SED, etc.)  1. All Child Consumers In State

- 2. Children with Serious Emotional Disturbances
- 3. Children who were Medicaid Eligible or in Medicaid Managed Care
- 4. Other (for example, if you survey anyone served in the last 3 months, describe that here):

4. Methodology of collecting data? (Check all that apply)

	Self-Administered	Interview
Phone	<input type="checkbox"/> Yes	<input type="checkbox"/> Yes
Mail	<input checked="" type="checkbox"/> Yes	
Face-to-face	<input type="checkbox"/> Yes	<input type="checkbox"/> Yes
Web-Based	<input type="checkbox"/> Yes	<input type="checkbox"/> Yes

4.b. Who administered the survey? (Check all that apply)

- 1. MH Consumers
- 2. Family Members
- 3. Professional Interviewers
- 4. MH Clinicians
- 5. Non Direct Treatment Staff
- 6. Other, describe:  
Vendor

5. Are Responses Anonymous, Confidential and/or Linked to other Patient Databases?

- 1. Responses are Anonymous
- 2. Responses are Confidential
- 3. Responses are Matched to Client Databases

6. Sample Size and Response Rate

- 6.a. How Many surveys were Attempted (sent out or calls initiated)? 1,931
- 6.b. How many survey Contacts were made? (surveys to valid phone numbers or addresses)? 1,679
- 6.c. How many surveys were completed? (survey forms returned or calls completed) 368
- 6.d. What was your response rate? (number of Completed surveys divided by number of Contacts) 22.0 %
- 6.e. If you receive "blank" surveys back from consumers (surveys with no responses on them), did you count these surveys as "completed" for the calculation of response rates?  Yes  No

7. Who Conducted the survey

- 7.a. SMHA Conducted or contracted for the survey (survey done at state level)  Yes  No
- 7.b. Local Mental Health Providers/County mental health providers conducted or contracted for the survey (survey was done at the local or regional level)  Yes  No
- 7.c. Other, describe: Vendor

## E. Performance Indicators and Accomplishments

### MHBG Table 21 (URS Table 19A) - Profile of Criminal Justice or Juvenile Justice Involvement

1. The SAMHSA National Outcome Measure for Criminal Justice measures the change in Arrests over time. The DIG Outcomes Workgroup pilot tested 3 consumer self-report items that can be used to provide this information. If your state has used the 3 Consumer self-report items on criminal justice, you may report them here.
2. If your SMHA has data on Arrest records from alternatives sources, you may also report that here. If you only have data for arrests for consumers in this year, please report that in the T2 columns. If you can calculate the change in Arrests from T1 to T2, please use all those columns.
3. Please complete the check boxes at the bottom of the table to help explain the data sources that you used to complete this table.
4. Please tell us anything else that would help us to understand your indicator (e.g., list survey or MIS questions; describe linking methodology and data sources; specify time period for criminal justice involvement; explain whether treatment data are collected).

Expenditure Period Start Date: 7/1/17 Expenditure Period End Date: 6/30/18

Time period in which services were received: 7/1/17-6/30/18

**Please Describe the Sources of your Criminal Justice Data**

**Source of adult criminal justice information:**

- 1. Consumer survey (recommended questions)
- 2. Other Consumer Survey: Please send copy of questions
- 3. Mental health MIS
- 4. State criminal justice agency
- 5. Local criminal justice agency
- 6. Other (specify)

**Sources of children/youth criminal justice information:**

- 1. Consumer survey (recommended questions)
- 2. Other Consumer Survey: Please send copy of questions
- 3. Mental health MIS
- 4. State criminal/juvenile justice agency
- 5. Local criminal/juvenile justice agency
- 6. Other (specify)

**Measure of adult criminal justice involvement:**

- 1. Arrests
- 2. Other (specify)

**Measure of children/youth criminal justice involvement:**

- 1. Arrests
- 2. Other (specify)

**Mental health programs included:**

- 1. Adults with SMI only
- 2. Other adults (specify)
- 3. Both (all adults)
- 1. Children with SED only
- 2. Other Children (specify)
- 3. Both (all Children)

**Region for which adult data are reported:**

- 1. The whole state
- 2. Less than the whole state (please describe)

**Region for which children/youth data are reported:**

- 1. The whole state
- 2. Less than the whole state (please describe)

**What is the Total Number of Persons Surveyed or for whom Criminal Justice Data Are Reported**

	<b>Child/Adolescents</b>	<b>Adults</b>
1. If data is from a survey, What is the total Number of people from which the sample was drawn?	17,385	39,059
2. What was your sample size? (How many individuals were selected for the sample)?	1,931	1,854
3. How many survey Contacts were made? (surveys to valid phone numbers or addresses)	1,679	1,605
4. How many surveys were completed? (survey forms returned or calls completed) If data source was not a Survey, How many persons were CJ data available for?	368	421
5. What was your response rate? (number of Completed surveys divided by number of Contacts)	22.0 %	26.0 %

**State Comments/Notes:**

0930-0168 Approved: 06/07/2017 Expires: 06/30/2020
